

Drawing B-1020

Inclimant system with mechanical fixing

- ① Mechanical fixing system with metal plates and suitable fixation elements (screw, plug, rivet, etc.)
Minimum fixation: 4 pcs/element *
- ② INCLIMANT insulation panel

NOTE *:

The scheme in the drawing is indicative.

The calculation of the mechanical fixing must be done by the designer, and he must consider various factors, for example:

- Site of the roofing
- Windiness of the area
- Height of the roof
- etc...
